

# Draw a happy squirrel

## A step by step guide

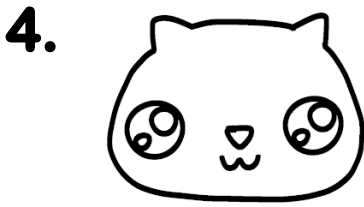

1. Your squirrel needs eyes!  
Draw two large circles.  
Then two smaller circles inside.

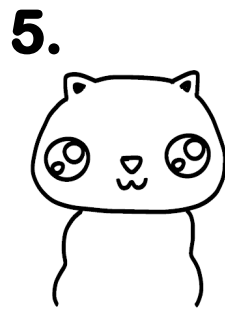

2. Draw a triangle for a nose.  
And a 'w' makes a mouth.

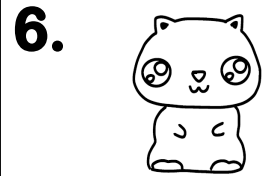

3. Draw a large 'U'  
shape to create  
your squirrel's face.

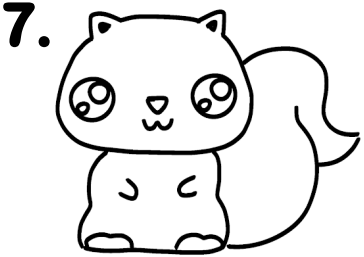

4. Two small triangles for  
ears are joined with a  
curved line.

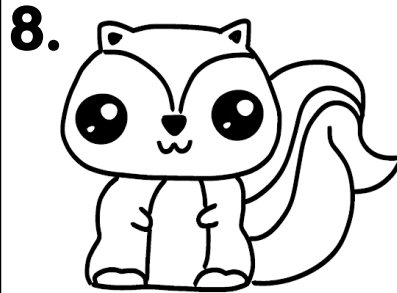

5. Two gentle wavy  
lines make your  
squirrel's body.

6. Add your squirrel's  
little feet and arms.

7. Draw a big  
curly tail to finish  
your squirrel.

8. Now, let's add some  
detail.

9. Your squirrel is complete! It's  
time to give them some colour and  
accessories.
